

Disney
PRINCESS

Beauty and the Beast

Belle's Surprise

Here's How to Play!

1. Select a Me Reader book to read.
2. Press its matching book button on the Me Reader sound pad.
3. Open the book to any page.
4. Press the color-coded page button that matches the button picture and border color of the page you're on, and hear the story read aloud. (If you would like to stop the story, press the same page button again.)
5. To hear another page of the same book, repeat Steps 3-4.
6. To hear another book, repeat Steps 1-4.

This Me Reader book is designed to work with this sound pad:

Troubleshooting

- Are you using the sound pad that corresponds with your set of books?
- Did you remember to press a book button before pressing a page button?
- Does the book button you've pressed match the Me Reader book you selected?
- Does the page button you've pressed match the button picture and border color of the page you're on?
- Is the LED light off? If so, the sound pad has gone into sleep mode. Sleep mode occurs after two minutes of inactivity. To wake it, press the button that matches the book you want to read.
- Is the LED blinking? If so, the batteries are low. You might need to replace the batteries.

Battery Information

Includes 3 replaceable AAA batteries (UM-4 or LR03).

Battery Installation

1. Open battery door with small flat-head or Phillips screwdriver.
2. Install new batteries according to +/- polarity. If batteries are not installed properly, the device will not function.
3. Replace battery door; secure with small screw.

Battery Safety

Batteries must be replaced by adults only. Properly dispose of used batteries. Do not dispose of batteries in fire; batteries may explode or leak. See battery manufacturer for disposal recommendations. Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries. Do not mix old and new batteries. Only recommended batteries of the same or equivalent type should be used. Remove weakened or dead batteries. Never short-circuit the supply terminals. Non-rechargeable batteries are not to be recharged. Do not use rechargeable batteries. If batteries are swallowed, in the USA, promptly see a doctor and have the doctor phone 1-202-625-3333 collect. In other countries, have the doctor call your local poison control center. Batteries should be changed when sounds mix, distort, or become otherwise unintelligible as batteries weaken. The electrostatic discharge may interfere with the sound module. If this occurs, please simply restart the sound module by pressing any key.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

In Europe, the dustbin symbol indicates that batteries, rechargeable batteries, cells, battery packs, and similar materials must not be discarded in household waste. Batteries containing hazardous substances are harmful to the environment and to health. Please help to protect the environment from health risks by disposing of batteries properly and by taking batteries to local collection points. Batteries handled in this manner are safely recycled.

Beauty and the Beast

Belle's Surprise

phoenix international publications, inc.

Each day, Belle gets to know her new home, the Beast's castle, a little better. Her favorite room is the library.

One morning, Belle finds a book on a library chair.
“That’s the Master’s favorite!” says Chip the teacup.
“He reads it all the time.”

“One of the pearls on the clasp is missing,” says Belle. She wants to do something nice for the Beast. “Let’s find the pearl so I can fix it!”

Belle and Chip search everywhere...and find one shining, perfect pearl.

Belle gets to work. She cleans the book's cover.
She straightens its pages. She polishes its clasp.
Then she puts the book back on the chair.

When the Beast enters the library, he walks right past the book. He's looking for something else.

"Can I help?" asks Belle.

"NO!" bellows the Beast. "Um...sorry. No, thank you

The next morning, as Belle polishes the clasp again, the Beast bursts in.

“You’ve had the pearl all along?” he yells. “I’ve been looking everywhere for it!”

“Why didn’t you say so?” Belle replies. “And there’s no reason to yell! I have it because I’ve been fixing your book as a surprise.”

For a moment, the Beast looks shocked.
Then he laughs.

“Belle, wait, please,” says the Beast. “I’ve been working on a surprise too. I wanted to add the pearl to this pin. It’s a gift for you.”

Now it's Belle's turn to laugh. "Our hearts were in the right place," she says, "even if the pearl wasn't. Thank you!"
